# What is the YPCPA?

- 
- Young Polish-Canadian Professionals Association (YPCPA) – founded June 2009 is a Non-Profit, Canadian Corporation
  - YPCPA aims at filling in the generation gap in Canada's community by empowering young Polish-Canadian professionals to take leadership and shape a modern Polonia
  - By getting involved, members gain access to events, projects and a network of Polish-Canadian Professionals in their local community and across the country

# YPCPA – Calgary

- 
- YPCPA-Calgary is a dynamic project spearheaded by Canadians of Polish heritage, who represent a wide spectrum of professional backgrounds
  - We share the **desire to create a place of inspiration and dialogue** focused on exploring **what it means to be Polish-Canadian**, and **how to integrate** this attribute into our personal and professional lives
  - We are interested in **connecting with each other** and **engaging with the broader Canadian community** to share ideas about contemporary Poland on both a formal and informal basis, specifically in the context of art, film, music, business, politics, economy and sports – to name a few

# Inaugural Event in Calgary

---

- YPCPA-Calgary held their inaugural event (Wine & Cheese) on February 27th, 2013
- We had a fantastic turnout of about 30 young professionals and several VIP guests, including a special visit from the Honourary Consul of the Republic of Poland
- Together we spent over three hours enjoying some wine, cheese and refreshments while meeting new friends and learning about the YPCPA and the great things that will be happening with the organization in Calgary over the next few months and beyond

# From Poutine to Pierogi

- 
- YPCPA-Calgary held their second event entitled “From Poutine to Pierogi” on May 7<sup>th</sup>, 2013 at the Libertine Public House in Calgary
  - The highlight of our evening was a dynamic panel discussion to explore Poland through the eyes of recent non-Polish visitors from Canada
